

English Language Arts & Chinese Language Arts

What are words and how can I use them? How can I speak well with others and know I am using the right words? Grade 1 students see why words are important and how words can be used to create beautiful stories. Your Grade 1 child will experience the fun of communicating, learning and expressing themselves.

Mathematics

Building the basics through addition and subtraction facts. Your child will count to 100 in different ways, and describe and estimate quantities to 20. They will understand and apply strategies for addition facts up to and including $9 + 9$ and related subtraction facts, and recall addition facts to a sum of 5 and related subtraction facts. They will connect numbers to their everyday life, and find geometric shapes in their surroundings. Your child will solve problems involving numbers, patterns and measurement.

Science

Do you know why fall is my favourite season of the year? Grade 1 Science will foster your child's natural sense of wonder about their world while they learn about the seasons, colours and living things. By using their hands, their senses and their mind, your child will make exciting discoveries and satisfy their curiosity.

Social Studies

What makes a community? How do I fit in? What are some stories of the past? Your child will grow to understand the benefits and responsibilities of living in a community, while appreciating the differences in others. They'll also explore the history of your family and community.
