

Art

Look what I made! In Grade 2, your child will create visual art by using a variety of media and techniques and communicating with visual symbols. Through the four major components of the art program— reflection, depiction, composition and expression—they will explore form and function and develop decorative styles.

Bible

Every story whispers his name! There are lots of stories in the Bible, but all the stories are telling one Big Story. The Story of how God loves his children and comes to rescue them. It takes the whole Bible to tell this Story. At the center of the Story, there is a baby, and this is no ordinary baby. This is the Child upon whom everything would depend. Our Story starts where all good stories start.

Healthy

Volunteering at school makes me feel important! Grade 2 students learn how to eat from all four food groups, learn how to be as active as they can, learn about safety on their bikes and inline skates, and discover who to trust in the neighbourhood.

Music

Making music! Your Grade 2 child will create their own music for poems and songs. They will see how melodies rise and fall and understand that a rhythm can be paired with a melody. They will sing a variety of songs; move to music, poetry and stories; and read simple printed symbols.

Physical Education

What are the benefits of an active lifestyle? Your child will take part in various activities that will help them to lead a healthy, active lifestyle. They will grow to appreciate the importance of physical activity, while discovering essential life skills, such as cooperation, leadership, fair play and teamwork.
