

Bible

Every story whispers his name! There are lots of stories in the Bible, but all the stories are telling one Big Story. The Story of how God loves his children and comes to rescue them. It takes the whole Bible to tell this Story. At the center of the Story, there is a baby, and this is no ordinary baby. This is the Child upon whom everything would depend. Our Story starts where all good stories start.

Healthy

Grade 3 students understand that turning off the TV or video games to be physically active is a good choice, and as important as eating well. Your child will know how to handle an emergency and how to stay safe in places such as the beach, the park and their own neighbourhood. They will explore ways to deal with stress and change, and learn how to build stronger friendships, even with people very different than themselves. Your child will also develop their test-taking skills.

Music

Students in Grade 3 explore the wide world of music! Through folk, square and traditional ethnic dances, and by singing rounds and partner songs, your child will understand that musical beats can be grouped in different ways and that two or more melodies can exist in one song. Your child will move their body to show what music looks like to them, listen to different kinds of musical instruments and recognize that sounds are made in different ways.

Physical Education

Your child will participate in dance, games, gymnastics, individual physical activities and activities outside of school. Through active and safe participation, they will understand what an active lifestyle involves and how their physical and emotional health will benefit from physical activity. Your child will also discover how positive interactions, through fair play, leadership and teamwork, make physical activity more fun and productive.
