

## Bible

**Every story whispers his name!** There are lots of stories in the Bible, but all the stories are telling one Big Story. The Story of how God loves his children and comes to rescue them. It takes the whole Bible to tell this Story. At the center of the Story, there is a baby, and this is no ordinary baby. This is the Child upon whom everything would depend. Our Story starts where all good stories start.

## Health: Personal and Social Responsibility

**I know how to act and how to work and play with others.** Preparatory children develop ways to express their feelings positively and to show respect and care for others. Trying new things and taking risks give them confidence in their ability to learn so they take responsibility for completing activities.

## Physical Education

**A healthy body is part of a healthy life.** Your child will begin to develop a love for physical activity through movement, games and activities. They will use a variety of equipment and see that they have the power to make healthy food choices and play safely.

## Music and Art: Creative Expression

**Beauty is in the eye of the beholder!** Drama, art, music and dance give your child ways to express their ideas and feelings, to bring their imagination to life and to see their creativity in a variety of forms. Your child will respond to objects and art, explore music and movement, and develop confidence through drama.
