

Art

In Grade 4 Art, students will develop more realistic treatments and refine forms. They will think about the visual qualities of objects, distinguish natural objects and improve their work as much as possible. Your child will also use art to express their feelings and ideas.

Bible

Drawing on various stories from Scripture, the Grade 4 students learn the Story beneath all the stories in the Bible, pointing to Jesus as our Savior. From the Old Testament through the New Testament, as the Story unfolds, children will clearly see that Jesus is at the center of God's great story of salvation-and at the center of their story too.

Healthy

Grade 4 students learn more about being there for others, showing respect and being good role models. They learn to set good goals for themselves.

Music

Grade 4 students experiment with tuned instruments and combine sounds to make harmony. They will identify chords, group beats into fours and group instruments into families. They'll sing quickly and slowly, happily and sadly, understanding that music changes.

Physical Education

Grade 4 students take part in various activities that will help them to lead a healthy, active lifestyle. They will grow to appreciate the importance of physical activity, while discovering essential life skills, such as cooperation, leadership, fair play and teamwork.
